PROGRAM SPONSORSHIP

CONFERENCE PROGRAM SUPPORT

SIGGRAPH Asia programs are run by volunteers for the community. Volunteers dedicate their time to create a conference that excels in quality. To provide this platform for academic and industry partners alike needs financial support, for example for jury meetings or a Technical Papers Committee dinner. SIGGRAPH Asia appreciates donations no matter how much it is. We will acknowledge our donors and partners online and onsite.

STUDENT VOLUNTEERS PROGRAM SUPPORT

Every year more than 100 dedicated computer graphics enthusiasts contribute to SIGGRAPH Asia through the Student Volunteers Program. They are the movers of tomorrow's industry. Support the spirit and interact with the student community at SIGGRAPH Asia 2011. Today's students are your company's future.

We are looking for give-aways, lunch sponsorships, financial support for student accommodation, donations in cash to run this important program, etc. In return we offer you the unique opportunity to reach out to the participants of the Student Volunteers program through talks, mailings, discussion sessions, or in other ways that you would like to consider. If you are interested in contributing to this community, please contact us for details.
