Introducing Technical Briefs

An inaugural program at SIGGRAPH Asia 2012, Technical Briefs (www.siggraph.org/asia2012/submitters-technical-briefs) focuses on graphics and its intersection with audio, imaging, video and human-computer interaction. Technical Briefs accepts content proposals of up to four pages long, and will be a dynamic forum for innovative and thought-provoking ideas. Accepted submissions require an oral presentation at the conference and will be included in the ACM Digital Library.

The submission deadline is 20 August 2012, 23:59 GMT/UTC. Contact us (www.siggraph.org/asia2012/contact-us) for more information.
