ABOUT SIGGRAPH ASIA 2012

The 5th ACM SIGGRAPH Conference and Exhibition on Computer Graphics and Interactive Techniques in Asia will take place in Singapore, which was also host city of the inaugural edition in 2008, at the Singapore Expo from 28 November – 1 December 2012.

Thousands of digital innovators, creative researchers, award-winning producers, energetic professionals, and adventurous enthusiasts from all over the world will gather in Singapore. SIGGRAPH Asia 2012 provides an unparalleled platform to see, hear, and interact with all the data, techniques, people, and inspiration you need for another successful year.

REASONS TO RECRUIT

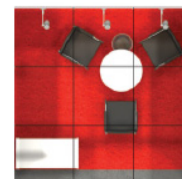

The Exhibition will be a diverse, energetic showcase of what Asia and beyond has to offer in computer graphics and interactive techniques; and is the best place at the conference for employers to meet with jobseekers from around the region.

This is your opportunity to:

- Reach out to a diverse group of professionals and students working across multiple creative industries around Asia.
- Promote your company, jobs offered, and projects to SIGGRAPH Asia's attendees.
- Interview, shortlist and hire the right talent for your company.

Employers have the option to purchase either a Booth Package or Recruitment Talk session. The Booth package includes a Recruitment Talk session.
