Five Reasons I am Super Excited About SIGGRAPH 2021
A message from the ACM SIGGRAPH Chair, Adam Bargteil

I am writing now to talk about the things I am excited about for SIGGRAPH 2021, which again will be virtual. A shout out is due for Pol Jeremias, this year's conference chair, for updating the virtual experience. I expect this to be ++Virtual_SIGGRAPH. (There is an old programming joke about how c++ was updated after it was executed and should have been called ++c.)

Thoughts on a Proposal for a New Conference Papers Program
A message from the ACM SIGGRAPH Chair, Adam Bargteil

Over the years, I have heard many proposals to change the SIGGRAPH process: accept more papers, accept fewer papers, re-impose page limits (granted there was never an official limit, but in 2001 if you went over 8 pages, you must have made a *very* significant contribution; Hertzmann and colleagues "Image Analogies" was a major outlier at the time at 14 pages). But, one idea has recently started gaining traction: introducing conference papers / short papers / technical briefs. There is little consensus on what to call such a program and there are many other details to also figure out.

Celebrate Pride Month With the ACM SIGGRAPH Diversity, Equity and Inclusion Committee's 'Queer in Gaming' Series

This past spring, the ACM SIGGRAPH Diversity, Equity and Inclusion (DEI) committee hosted a series of conversations around LGBTQ+ identity in the gaming industry. The series, titled "Queer in Gaming", was organized by committee member Adam Shay (he/him) and hosted conversations with industry luminaries from the gaming and VFX community who identify as LGBTQ+.
