Celebrate 50 Years of SIGGRAPH Conferences

ACM SIGGRAPH Village Sessions at SIGGRAPH 2023

ACM SIGGRAPH Village is hosting many in-person events throughout SIGGRAPH 2023 scheduled for 6-10 August in Los Angeles, California. Sessions include:

The Future Past v. Coloniality: Decolonial Media Art Beyond 530 Years
A live, in-person discussion between select international artists and the curator of the exhibition "The Future Past v. Coloniality: Decolonial Media Art Beyond 530 years".

SIGGRAPH Thesis Fast Forward
The SIGGRAPH Thesis Fast Forward is a unique forum for Ph.D. students in computer graphics to present their research and for senior people to interact and discuss the progress and future of Computer Graphics.

ACM SIGGRAPH History Archive: From Memory to Experience
This session will include presentations from key members of that ACM SIGGRAPH archive team who will discuss various aspects of the archives. The ACM SIGGRAPH History Archive is both a physical and online repository that contains information related to the SIGGRAPH conferences and organization.

ACM SIGGRAPH Village sessions are open to FC, FCS, EFC, EE, and E pass holders.

The Bystander Effect in VR

As we prepare for the stories and experiences that will be on display in the SIGGRAPH 2023 VR Theater, we connected with Fanni Fazakas, whose VR experience, "Missing 10 Hours VR", received the SIGGRAPH 2023 VR Theater Best in Show award.

Here, Fazakas shares background on the inspiration behind this VR experience, the feelings it evokes, and the lessons to take away from the bystander experience.
